VICTOR RODRIGUEZ TAFOYA
Age: 29
Job: Producer, KDEN Telemundo Denver
Previous position: Producer, KINT Univision El Paso

What was your first job? My first job as a child was making soccer balls, and once in the States, I started working for the California Department of Education as a student assistant back in 2005.

What are you most looking forward to about your new job in Denver? Definitely to get a bigger perspective of news coverage in a bigger market and a bigger city, understand the culture and what our viewers are most worried about to understand how we need to keep them informed.

What would your new co-workers be surprised to know about you? While in college and as I was learning my profession, I was part of the Marine Corps Reserves who eventually sent me to one tour in Iraq, but as soon as I got back, I got myself back in the business and back to work.
